OPTIONAL EXTRA'S - WEDDING PACKAGE

Welcome to our optional extra's selector! This is a list of items not included in our standard package; those nice-to-haves that aren't absolute musts.

This document will be used in conjunction with your electronic and physical files to compile a comprehensive quote specifically for you, so be as detailed and specific as possible when completing this.

If you are uncertain about a specific item or category, please do not hesitate to chat to us; that is what we are here for!

A word of advice: If you are not yet certain with regards to whether you will need something listed below, rather indicate Y (Yes) and we will include the cost in your proposal. You can always remove it at a later stage before we move to Invoice.

Here we go...
